### RDL MCM-030 Card Electric Prepayment Meter & Timer

MID APPROVAL NUMBER: 0120/SGS0184

A single phase electronic token card operated, dual tariff electric prepayment meter/timer with LCD readout. It has a max load of 100A and the prepayment token cards to suit can be purchased in denominations of 1, 5, 10, and 20 which are distinguishable by RDL's colour code system. The MCM-030 will allow the landlord to;

- > Alter the meter to a timer
- > Adjust the rate
- > Adjust the standing charge
- > Alter the amount of Emergency credit
- > Enter minutes per token card when in timer mode
- > Cards can be purchased from PASS Ltd direct
- > Tournament override facility when in timer mode
- > For increased security RDL has designed the Meter/Timer to have no visible seals
- > An extension terminal cover has been designed to cover the incoming supply cables
- > The MCM-030 comes with a 12 month guarantee and can be used in applications such as flats, bedsits, chalets, caravans, washing machines, tumble dryers, heaters, lighting, air-conditioning, etc.
- > Supplied with user manual
