ELECTRIC SPRAYER

The Sanique S-9 Sanitising Electric Sprayer has been designed to meet the demands that the professional first-responder sanitising contractor faces. It's delivered as a totally stand-alone unit that's ready for immediate use (the only extra is the appropriate disinfectant and a power source).

BENEFITS

- Rapid deployment
- Tough construction copes with rigorous on-site situations
- Wheeled carriage allows for easy handling by operatives
- 15m hose ensures minimum movement of machine - set up, and it's simple to work on sanitising within the reach of the hose with only the gun in your hand
- Includes a specifically designed spray tip that ensures maximum surface coverage and fogging
- Full 12 month manufacturer's warranty

PACKAGE

- 240 or 110 volt machine complete and ready to go for all sanitising procedures
- 15m hose for maximum flexibility
- 380mm (15") lance to ensure reach into those otherwise hard to-get areas
- Ergonomically designed gun to minimise hand and wrist fatigue
- Specific sanitisation spray tip to ensure correct atomisation

SPECIFICATION

Weight	35.0kg
